

Concepts Discretionary Investments

Passive Portfolio

Portfolio Factsheet as at 30th April 2024

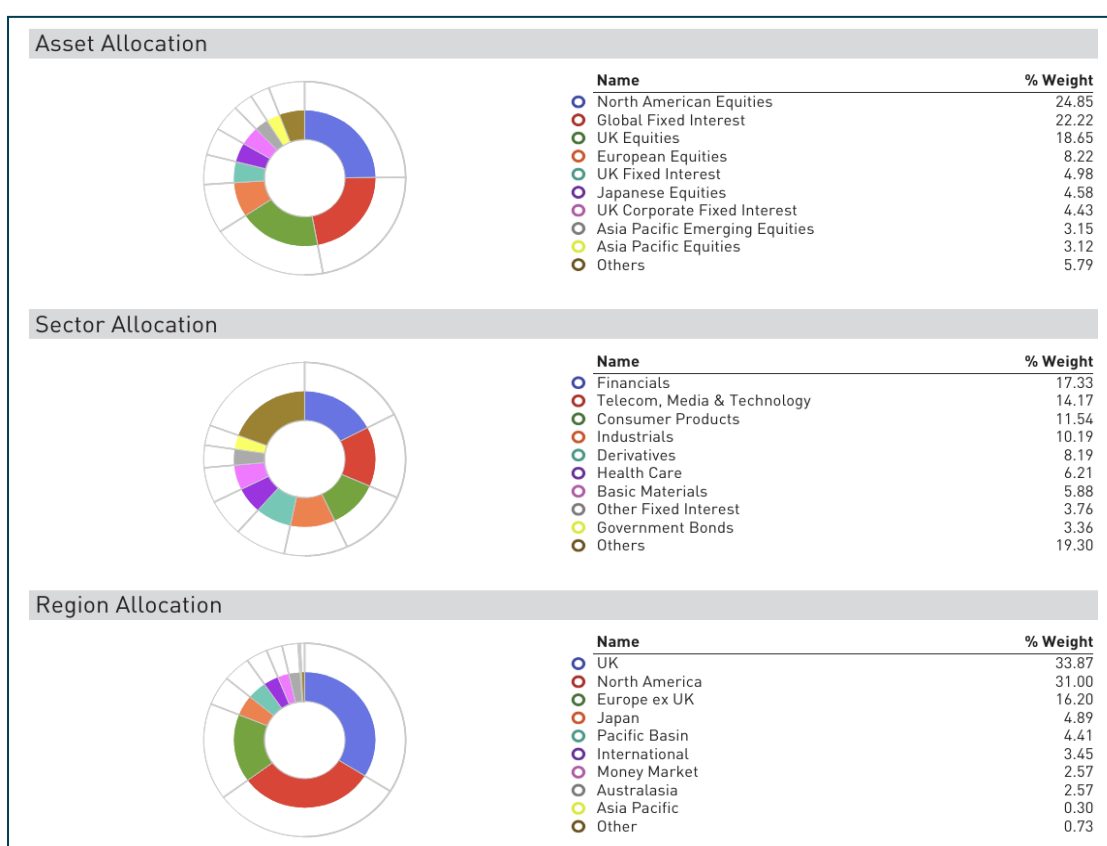

Objective: This portfolio invests in a blend of Equities which account for around 50% of the portfolio by weight. The remainder of the portfolio is held in Fixed Interest and a balance in other assets. The portfolio strategy has been designed to blend Passively Managed funds and a smaller number of selected actively managed funds, aiming to generate capital growth over the longer term.

Target Market: This portfolio is suitable for investors with a time horizon of 5 years or more who are willing to accept Medium levels of investment risk in return for the potential for participation in rising investment markets. This fund is designed for investors who can afford more than a modest loss of their investment.

Key Information

Portfolio Yield: 2.83%
Inception Date: 09/10/2018
Total Expense Ratio: 0.24%
Management Charge: 0.20%
Benchmark: IA Mixed Investment

Portfolio performance represents client's portfolios which are periodically rebalanced. Performance has been simulated with performance prior to 09/10/2018 attained through backdating holdings at launch to the inception of these individual investments, and substituting where appropriate for indexes, to attain a longer performance history.

The value of underlying investments may fluctuate due to exchange rate changes between Sterling and the currencies in which underlying investments are denominated, as well as to risks associated with broader market conditions and events.

In addition to the charges noted above, individual funds may incur transactional costs.
