

Concepts Discretionary Investments (CDI)

Cautious Portfolio

30th September 2025

Objective: This portfolio primarily invests in Fixed Interest Securities, focusing on short-dated bonds, together with money market deposits and an allocation to Global and UK Equities and alternative investments. The aim is to generate an attractive level of natural income together with some capital appreciation over time, with low levels of volatility.

Target Market: This portfolio is suitable for investors with a time horizon of at least 2 years who are willing to accept Low levels of investment risk in return for the potential for participation in rising investment markets. This fund is designed for investors who can afford a modest loss of their investment.
